Executive Summary

- An Operating Budget is a comprehensive list of planned revenues and estimated costs of day-to-day operations and used on an annual basis.
- A Capital Budget is a comprehensive list of planned expenditures to acquire, replace, or maintain assets with a life cycle of over one year. The format has changed to include a 10-year plan to show potential funding requirements in future years. Council is only required to approve 2025 spending.
- Proposed municipal tax rate increase for 2025 is 9.12%, for total municipal tax dollars of \$4,000,706.
- County and education rates will be added to the municipal rate to produce the total tax rate. Counties have been approved at 4.89% increase. School rates remain the same at the 2024 rate.
- Actual versus budgeted figures have been included for 2023 and 2024 (as of December 11, 2024) for comparative purposes.

Key Assumptions and Rationale

- Cost of living incorporated at 2% based on average Consumer Price index for 2025 on all salaries.
- Salary step increases and changing staff levels have impacted the budget in both salaries and benefit amounts. Furthermore, three staffing positions are now funded for a full year versus the 6 months in 2024.
- Benefits rates are increasing by 19.8% in 2025.
- Insurance rate increase is projected between 10-17%. The budget incorporates a 15% increase in rates.
- Capital items that were deferred or that were not complete were transferred to reserves at the last meeting of Council in 2024 to be used in the future.
- Continued freeze in assessment values of properties except for growth, and a shift in the tax class has resulted in a gain of approximately .94% or \$57,000.
- A 1% increase in the tax rate equates to \$36,142 dollars.
- Transfer from reserves of approximately \$776,540 and \$379,024 moved to reserves in order to keep the tax rate increase lower.
- First full year of borrowing for Moose Creek Community Centre and Crysler Fire Hall
- Additional borrowing of \$1.725 million for the new Township Office and snowplow in order to keep taxes lower
- Continued challenges with increased cost of goods, services, fuel, etc.

Assessment and Taxation

- The Township is a lower tier municipality with the total tax rate made up of Municipal, County and education rates.
- Municipal tax rate is proposed at an 9.12% increase which would increase the municipal portion by \$35 to the residential rate per \$100,000 of assessment.
- The full rate including the SDG Counties and School Boards would increase total taxes of \$66 to the residential rate per \$100,000 in assessment.
- Taxes are calculated by multiplying the assessment value and the total tax rate per property class.
- Of the total tax rate approximately 32.81% is Municipal, 52.45% is County and 14.74% is Education
- Ontario property assessment values are updated every four years; however, the province has postponed any assessment updates and property assessment for 2025 will be continued to be based on fully phased in January 1, 2016 values unless there have been specific changes to a particular property

Water and Wastewater

- Water and wastewater are user fee based and only those on the systems, pay for the service. This does not affect the tax base.
- The 2025 budget includes a 5.7% rate increase which aligns with the recommendations outlined in the BMA Management Consulting Inc.'s water and wastewater long range financial plan adopted by Council in 2020.
- Water/wastewater budget detail has been segregated by area (Finch, Crysler, Moose Creek) to ensure that the area receiving the major infrastructure is the one paying for it.

Debentures and Long-Term Debt

- Debt has been used for funding sources for 2025 in order to make the purchase of large capital affordable to the Township. The annual debt repayment limit from the Ministry of Municipal Affairs and Housing is 25% of total revenues or \$1,569,169. With existing and new debt, the Township will be at \$619,612 or roughly 10%.
- Short term borrowing is noted, however with falling interest rates, the best possible options will be sought.

10 Year Capital Budget Summary and Detail by Department

- Newly introduced for the 2025 budget.
- This shows potential purchases in future years so that consideration can be given to transfers to reserves to fund these.
- Only 2025 is being asked for approval by Council.
- Funding sources are noted at the bottom of each page.
- Interest at 3% has been included per year to predict possible price increases of items.

Total Proposed 2025 Budget by Department

- Total proposed 2025 budget by department is noted to provided clarity on the impact of each department on the taxation levy.
- 2024 and 2023 budget versus actuals have been provided for comparison purposes.
- 2024 actuals are only to December 11th, 2024, and may change due to invoices not yet processed or grants/other funding not yet received.
- Water and wastewater have been broken down by section (Crysler, Finch, Moose Creek) to show that they are self sustaining by the area being serviced.

The Corporation of the Township of
NORTH STORMONT

Report No.
ADMIN-01-
2025

Agenda Date:	January 08, 2025
Subject:	FEES & CHARGES BYLAW
Attachments:	☐ Draft Fees & Charges

1.0 RECOMMENDATION

THAT the Council of the Township of North Stormont receive, and approve, the 2025 fees and charges increases recommended by municipal staff.

2.0 LEGAL DESCRIPTION

Fees & Charges Bylaw (29-2024)
Ontario Municipal Act
Ontario Building Code Act
Planning Act

3.0 BACKGROUND

Staff review and generate an annual Fees & Charges report to outline various suggested changes/increases to the previous fees and charges Bylaw. Municipal fees and charges should be reviewed annually. This annual review is necessary to ensure any fees and charges for municipal services and/or permits is adequate to reflect cost recovery for the Township and its ratepayers. *The Municipal Act, Building Code Act and Planning Act* provide the Municipality with the authority to impose such fees for service.

4.0 POLICY CONSIDERATION

By-Law No. 29-2024

5.0 ANALYSIS

Municipalities may introduce fees and charges for cost recovery purposes and these fees are not designed, or intended, as a source of revenue. There is a requirement for Townships to qualify fees and charges and ensure a reasonable relationship can be confirmed between imposed costs, and the

actual costs incurred, by the Corporation to provide these services to ratepayers.

Each Department has carefully reviewed and scrutinized the current fee structure and each has provided a rationale for any increases. Staff has utilized the terms of the current by-law 29-2024 to calculate any increases to account for increased service costs.

Schedule "A" - Administration Fees

Staff feel that most of the fees charges are adequate and are not in need of an increase save and except for:

Fence Viewing Administration Fees will be increased by \$1 to account for minor administrative costs for Township staff to manage and organize group inspections.

A recommended deletion of the "Lottery Extension/Amendment" fee of \$35.

Tile Drainage Fees require no increase for 2025 upon consultation with the Drainage Superintendent.

Civic Number & Posts will be increased by the 2024 CPI of 2% to account for the increase in material costs.

Schedule "B" - Building Permit Fees

It is recommended the majority of the building fees to be increased by the 2024 CPI of 2%, at the discretion and support of Council, as the building department should operate on a cost recovery basis and permit fees are intended to be revenue neutral/be cost recovery. These increases are minimal and will offset township costs for fuel, compensation, vehicle maintenance and other operational costs. There is a suggested change for building prior to a permit being issued and is suggested to be double the cost of the building permit fee for the particular build found in violation.

Schedule "C" - Fire Department

There only three (3) suggested increases for 2025 - the majority of the Fire Service fees will remain unchanged for 2025. The Fire Chief is recommending fire safety plan review costs, approval for each fire safety plan review and letters/incident report costs increase by the 2024 CPI. These minor increases account for increased requests and time required by the Fire Service to respond to increased public/insurance inquiries.

Schedule "D" - Municipal Law Enforcement

No fee increases are recommended.

Schedule "E" - Parks and Recreation

There is a suggested expansion of ice rental costing that will reflect specific user categories, and their affiliation with the Township. To emphasize priority for local groups/teams, municipal staff are suggesting a staggered costing chart designed to support local use of the arena facility. A more comprehensive division of arena users, with suggested pricing for each, emphasizing increased costs for external users to reduce ratepayer costs for the recreational asset. To further encourage physical activity within the Township communities, the Recreation Director has strategically added free skating, Rock and Skate and stick and puck public activities during times when the arena is not being rented. The increased pricing for the newly introduced categories for ice rentals, including external clients, private training camps is not predicted to have a negative impact on total ice rentals and it is expected the arena use will stay consistent. Further, this recommendation is anticipated to increase ice rental revenues by approximately \$48,000 per year. Rates for arena pad (concrete) uses have been introduced and are based on the size of the event (number of expected participants) and is determined by either an hourly rate or daily rate for venue rental.

There is a suggested low risk insurance cost that will be introduced for all users of the arena facility. Jurisdictional scans of neighboring townships has confirmed this approach to insurance coverage is consistent.

Schedule "F" - Planning and Development

There are significant fee increases recommended for Planning and Development services. The suggested costs reflect best practices and are comparable to fees charged by our partner municipalities within SDG. The planning fees have not been adjusted for a few years, specifically since **2019**.

There is also the introduction of three (3) new fee categories and includes:

(1) Construction/Use of land prior to obtaining municipal approvals with a result in application surcharge of 50% (\$900)

This addition is being implemented because residents in this municipality often begin projects that do not comply with the zoning by-law and subsequently seek a minor variance afterward, under the assumption that the committee will

approve it since the work has already been completed. This practice is unfair to those residents who adhere to the rules and consult with the township in advance. A similar situation is observed in South Stormont, where, after discussions with the Director of Planning, it has been successful in encouraging residents to engage with the township early in the process to explore solutions for their zoning requirements, rather than proceeding without following the by-law.

(2) Minor Variance - Major (All Other Zones)

This is being added because minor variances for zones other than residential, agricultural, and rural often involve more complex development or use considerations compared to residential properties. This can include factors such as traffic patterns, environmental impact, parking requirements, and overall community impact. The review process for commercial properties may require more extensive analysis, including consultations with other departments or external agencies, which can justify a higher fee. They also tend to have a broader or more significant impact on the surrounding area compared to residential properties. Changes to these types of properties may affect zoning, land use, or local infrastructure in ways that are not typically seen with residential, agricultural and rural properties. This is also seen being done in neighboring municipalities like South Stormont, North Dundas and South Dundas.

(3) Construction/Use of land prior to obtaining municipal approvals with a result in application surcharge of 50%
(\$1200)

This addition is being implemented because residents in this municipality often begin projects that do not comply with the zoning by-law and subsequently seek a minor variance afterward, under the assumption that the committee will approve it since the work has already been completed. This practice is unfair to those residents who adhere to the rules and consult with the township in advance. A similar situation is observed in South Stormont, where, after discussions with the Director of Planning, it has been successful in encouraging residents to engage with the township early in the process to explore solutions for their zoning requirements, rather than proceeding without following the by-law.

Schedule "G" - Public Works

Public Works changes are suggested to be limited and isolated to waste disposal/garbage tags with a suggested increase from \$2.50 per tag to \$3.00 per tag. The only other recommended change is to the costs for OCWA to complete water turn on/turn off at curb/owner requests reconnection. Current fees for this service are \$58.28. Staff suggests the 3 categories for this service

be increased to \$100 as the current fee structure does not account for OCWA travel time to and from the property location. This cost, and the added time commitment to perform this service, should be the responsibility of the property owner specifically and not the general ratepayer.

DRAFT

THE CORPORATION OF THE TOWNSHIP OF NORTH STORMONT

BY-LAW NO. 01-2025

BEING a By-law to adopt, confirm and ratify matters dealt with by resolution.

WHEREAS the *Municipal Act, 2001*, c. 25 s. 5 (1) provides that the powers of a municipal corporation are to be exercised by its council;

AND WHEREAS the *Municipal Act, 2001*, c. 25 s. 5 (3) provides that the powers of every council are to be exercised by By-law;

AND WHEREAS in many cases, action which is taken or authorized to be taken by the Township of North Stormont does not lend itself to the passage of an individual By-law.

NOW THEREFORE the Council of the Corporation of the Township of the North Stormont hereby enacts as follows:

1. That the actions of Council, at its special meeting held on January 8, 2025 in respect of which recommendations, each motion and resolution passed and taken by the Township of North Stormont is, except where the prior approval of the Local Planning Appeal Tribunal or other authority is required, hereby adopted, ratified and confirmed as if all such proceedings were expressly embodied in this By-law.
2. That where no individual By-law has been or is passed with respect to the taking of any action authorized in or by the above-mentioned minutes, then this By-law shall be deemed for all purposes to be the By-law required for approving and authorizing and taking of any action authorized therein and thereby required for the exercise of any powers therein by the Township of North Stormont.
3. That the Mayor and the appropriate officers of the Township of North Stormont are hereby authorized and directed to do all things necessary to give effect to the actions of the Council of the Township of North Stormont, to obtain approvals where required and except as otherwise provided, the Mayor and CAO/Clerk are hereby directed to execute all documents necessary on behalf of the Corporation of the Township of North Stormont and to affix the corporate seal.

READ A FIRST, SECOND AND THIRD TIME and passed in open Council, signed and sealed this 8th day of January 2025.

François Landry, Mayor

Craig Calder, CAO/Clerk
