

SAFETY. ACCESS. RELIABILITY.
ALL YEAR LONG.

KEEPS ROAD SIGNS VISIBLE

Roadside brushing is an important part of keeping our roads safe and accessible in every season—especially during winter maintenance.

By keeping clear zones along the roads, we help ensure plows can do their job effectively and everyone can travel safely—no matter the weather.

ABOUT ROADSIDE BRUSHING

Roadside Brushing starts in mid-October through mid-December. Some tree cutting and brushing may occur over winter as the need arises.

We are clearing brush and small trees along municipal roads.

This helps improve safety, visibility, and road maintenance.

Brush is managed responsibly with care for our environment.

**THANK YOU FOR YOUR
PATIENCE
AS WE WORK TO KEEP OUR
ROADS SAFE AND OUR
COMMUNITY STRONG.**

PLEASE BE ADVISED THAT Roadside Brushing activities

**WILL BE CONDUCTED
THROUGHOUT THE TOWNSHIP
FROM MID-OCTOBER TO MID-
DECEMBER.**

IMPROVES VISIBILITY

keeps sightlines clear around curves and intersections so drivers

KEEPS ROAD SIGNS VISIBLE

Ensures stop, yield, speed limit, and other important signs are not blocked by leaves or branches.

REDUCES HAZARDS

removes weak or dead branches that could fall during heavy winds, ice storms, or wet snow, preventing damage to vehicles and blocked roads.

HELPS NATURAL DE-ICING

lets more sunlight and air reach the road surface, which helps melt ice, reduces icy patches, and dries up standing water.

SUPPORTS SNOW PLOWING

creates space in the roadside ditches so snowplows have room to safely stack snow without narrowing drivable lanes.
